Thursday 9 February 2017

Dear Parents and Caregivers of 2H

Welcome back to 2017! The students have settled in well and have demonstrated great willingness and enthusiasm to learn.

**Homework**

Homework will be given on a Monday to be returned each Friday. Students are encouraged to complete their spelling words for homework using the Look, Say, Trace, Cover, Write and Check method and read their home reading book which we call ‘Ripper Reading’. The students are tested on their personal spelling words every Friday morning. Neatness and the careful presentation of homework is desired and expected and the return of homework is encouraged.

On occasion our class will have additional activities for homework. This may include speaking tasks etc., however, there will be no weekly ‘news’ as such. Children will be notified in advance to allow suitable preparation time. If there is any issue regarding your child and their homework please let me know as soon as possible.

**Studyladder** (optional)

2H will have access to a variety of educational online activities, tailored to their individual needs, through their Studyladder account. Please see the attached parent information letter and login details.

**Mathletics**

We will be utilizing the online Mathletics Program this year. The login details will be forwarded home soon.

I am delighted to be educating your child this year and look forward to meeting you at our upcoming Parent Teacher Evening in Week 5.

Kind regards,

Mrs Louise Hoyle
